

MEDIA RELEASE

September 12, 2018

FOR IMMEDIATE RELEASE

ELLIOT LAKE – The Corporation of the City of Elliot Lake would like to notify community members that although the new boardwalk has been installed, there is still work to be completed and the area is still an active construction site.

The boardwalk area will remain CLOSED until September 14th, 2018 and the City ask that members of the public respect the barriers, leave room for crews to work and DO NOT utilize the area until reopened. The boardwalk will be reopened for public use once safe to do so, and the public will be notified by official release. This is an exciting development for the community, and will be a great asset to enjoy once completed.

The new boardwalk is Phase 1 of the proposed Boat Launch project that is aimed at creating a tourism nodal point. Phase 2 of the project, contingent on funding, includes the installation of a 50-metre fishing pier, replacement boat launch docks, docking for additional boats, and landscaping.
